What is the difference between E Surface and Metallic paper?

Lustre paper is similar to matte, but with a textured finish. It is the standard in traditional professional printing.

E Surface paper features:

- ◆ Medium contrast for more true to life skin tones
- ◆ Enhanced highlight and shadow detail
- ◆ Works well for a variety of photographic applications

Metallic paper features:

- ◆ High gloss finish with tear resistant laminate layers
- ◆ 3-Dimensional/metallic appearance
- ◆ Ideal for outdoor images, black/white, and portraits
- ◆ Has been described as “chrome on paper”

Additional Sizes and gallery wraps are available!

Gallery wraps start at \$90 for an 8x10
